Planners table proposal for local control of MDOT directionals

By MICHAEL DANIELS

The Bethel Planning Board has tabled a proposed ordinance aimed at controlling the proliferation of directional signs along town roads.

The Planning Board vote last week effectively means that Town Meeting voters will have no say on the directional-sign issue, at least not at this year's annual Town Meeting.

The proposed ordinance was the work of a volunteer committee formed in response to concerns that town roads -- especially the main entrance roads -- are being clogged with the blue signs.

The ordinance would have applied only to directional signs; it would have had no effect on signs located at a business. These signs are covered by the Bethel Sign Ordinance, which was revised last year.

The current directional signs are maintained by the Maine Depart-

ment of Transportation and paid for by individual businesses.

The signage system is in place statewide, but MDOT allows, and in some cases encourages, individual towns to take over management of the signs within their borders -- especially in cases where business growth has led to a proliferation of signs.

Yarmouth, Kennebunk and Freeport have chosen to replace the state signs with systems of their own, and members of the volunteer committee argued last week that it was time for Bethel to do the same.

The committee recommended that the current arrangement of irregularly staggered signs be replaced with a townwide system of

welcome signs and directional kiosks (see map, page 4).

"The state signs when they started were a good idea," said committee member Dennis Doyon, "but a lot of standards have fallen by the wayside."

And given the business growth in this area, Doyon said, it's inevitable that many more blue signs are on the way. "There could be an additional 700 signs at total build-out of Bethel Station. That's a gross exaggeration, but it could happen," he said.

The new arrangement would also make it easier for drivers to safely navigate through town, committee members argued.

And they cited the comments elicited in a survey of 40 visitors to Sunday River Ski Resort, comments that frequently complained of the ineffective signage. By a margin of

SAD44 budget vote is Tuesday

By ALISON ALOISIO

SAD44 voters go to the polls next Tuesday, May 7, to vote on a \$1 million school budget for the 1996-97 school year.

It all starts with a school board approved the overall school budget, which will be the final vote on the budget. The School Board will then vote on the budget, which will be the final vote on the budget.

The amount of the budget for the 1996-97 school year is \$1 million, which is a 1.5 percent increase over the 1995-96 school year.

Beasts of the sea lure Kristen Delano

• Andover native finds home for injured sea turtles; hopes for future in marine biology

By ALISON ALOISIO

Kristen Delano leaned over the huge tank filled with sea water, trying to entice a three-legged sea turtle to eat a fish off the end of a stick.

It took the turtle (known as Tripodi) a while to realize the fish was there, but once he saw it, it was gone in a single gulp. He came back for another and another.

Feeding time at the Maine Aquarium was underway.

Coming from Andover, Delano wasn't exactly raised with the ocean in her blood. How, then, did she wind up in the middle of a sea turtle rehabilitation program at the Saco Aquarium?

A senior at the University of New England in Biddeford, Delano spent Career Week at Sea World in Florida when she was a senior at Telstar High School.

It sparked an interest in marine animals, she said.

So Delano went off to UNE as a marine biology major. She's turning up a semester-long internship at

the Maine Aquarium.

At the beginning of the semester, she learned from curator James Pellerin that he wanted to acquire some sea turtles for the aquarium.

Delano and Pellerin agreed it would be a good project for her, and the turtles would be a good addition to the seals, penguins, sharks and other fish already at the facility.

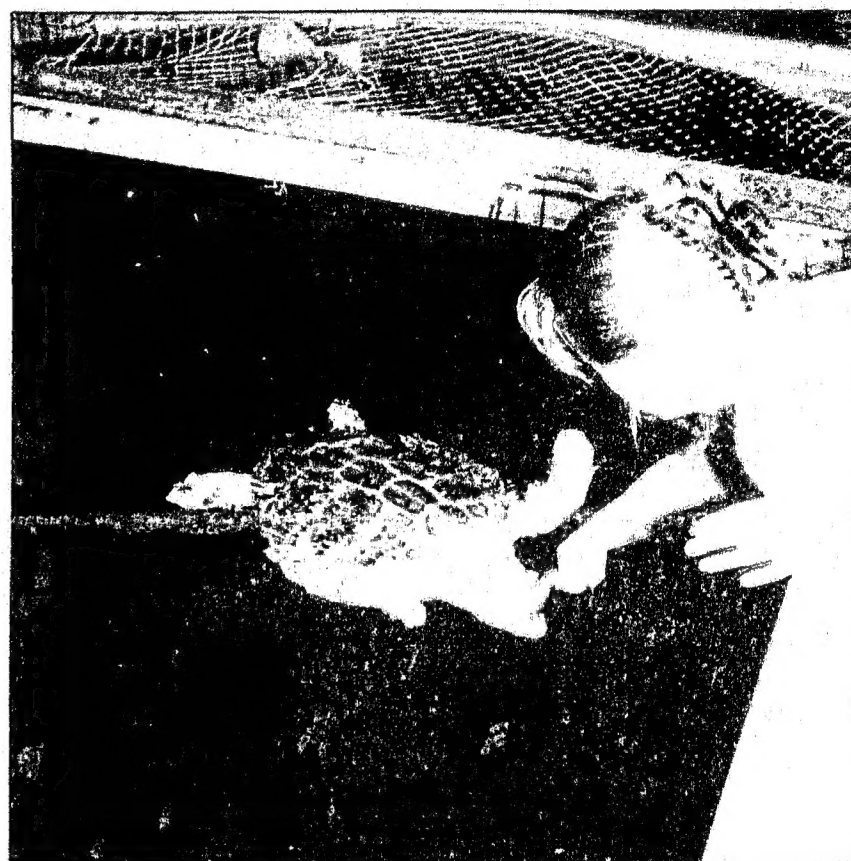

So she got on the phone to larger aquariums around the country to see if any were willing to part with their turtles.

"Sea turtles are hard to acquire -- all eight species are endangered or threatened," she said.

Delano was eventually referred to Oceano's Ocean Research Foundation in River Head, N.Y. The facility rehabilitates injured or stranded seals and turtles, and releases most of them back into the ocean.

But that wasn't the case for Tripodi, a 65-pound loggerhead turtle. His flipper was amputated after it was caught in machinery.

See KRISTEN, page 4

CHOW TIME--Kristen Delano of Andover, a senior marine biology major at the University of New England, helped the Maine Aquarium in Saco acquire two injured loggerhead sea turtles. The turtles were too badly hurt to be set free, so the aquarium will use them for educational purposes. Here, Delano feeds fish to Tripodi, who lost his front flipper to dredging machinery.

Telstar diamond prospects

Boys are bigger, and that's better

By ALISON ALOISIO

What a difference a little time to grow can make.

Despite losing ace pitcher Tim Remington to graduation, this year's version of the Telstar High School baseball team could be better than last season's -- thanks partly to the fact that the juniors making up much of the team have grown.

"They're physically bigger. They hit harder, they run faster. Mental maturity makes a difference, too," said coach Bob Remington.

The juniors include Jerry Bernier (catcher, outfield), Jason Berry (catcher), Tony Baker (outfield), Tim Hebert (pitcher, shortstop/second base), Cory Koch (outfield), Wade Luxton (pitcher, second base), Ken Mason (outfield) and Clint Myers (pitcher).

There are three seniors on the team -- captains Josh Adams (third base) and Adam Newell (pitcher, first base) and Kurt Thurston (outfield).

Telstar's strength is defense. "We played a game in below-freezing

temperatures at Dirigo, and didn't make an error," Remington said.

The hitting is improving, thanks partly, as Remington said, to bigger players.

In the pitching department, Myers is setting the pace for the Rebels. "If any of the other pitchers become as good a pitcher as Clint, we'll be a better team than a year ago," Remington said. "The second pitcher is the key position."

Last year's team shared the Mountain Valley Conference title with Leavitt High School, but were defeated in the Western Class C championship.

This year, Leavitt, Mountain Valley and Lisbon all look to be formidable teams, Remington said.

Rebel fans may have reason to be optimistic, if the team's preseason record is an indicator of things to come.

"We were 6-0 in the preseason. We've never won every preseason game as long as I've coached," said Remington.

Young girls' squad has hitting, speed

Despite having a youthful team, Telstar softball coach Jim Lunney refuses to characterize this season as a "building year." He prefaces instead to have his players aim high.

"We're potentially a playoff team," he said.

The Rebels lost four starters to graduation, including Angie Lovejoy, a strong pitcher. The squad also lacks depth, with eleven players -- a situation not helped when catcher Hana Seames was lost for the season when she broke her arm in a preseason game.

Still, Lunney has his three top hitters back in juniors Sarah Richardson and Beth Howe and sophomore Dani Littlehale.

Rounding out the rest of the team are senior captains Becky Chandler (catcher) and M.J. Learned (outfield, first base); juniors Jana Mason (outfield), Jessica Pike (outfield) and Crystal Aylward (pitcher); sophomores Kim Baker

(outfield) and Bekah Howe (second base); and freshman Tamiya Vaaca (first base, outfield).

Richardson, Howe and Littlehale are at third base, shortstop and pitching, respectively.

The team is quick on the bases, Lunney said. And while the defense still needs work, "we get better every game," he said.

Telstar is in a league that Lunney characterizes as strong overall. "They'll be well-represented in the playoffs," he said.

Fellow-Mountain Valley Conference team Madison High School won the state Class C championship the past two years.

Last year the Rebels won a preliminary round playoff game, but lost in the quarterfinals. Lunney said if the team can win seven or eight games (out of a 14-game schedule) they have a shot at

IT'S LIKE A SIGN, OR A JUNKER ... OR SOMETHING--The red backside of a Volkswagen bus has been mooning motorists recently on Cross Street. Frank Whittier, owner of the Mountain View Mall, acknowledged at last week's Planning Board meeting that the VW is intended to attract business, especially younger customers. But, he said, he didn't regard it as a sign, rather as "a signature." "It's art in some respects," Whittier said. However, town planning assistant Nancy Schlieper noted that the town's definition of a sign, like the state's definition, is "anything that attracts." The board members voted (6-2) that the bus did constitute a sign, and since it was in excess of the signage allowed for the business at the site, it had to come down. Whittier protested the decision, saying he would not only appeal it but would also file formal complaints against other businesses in town that did not comply with the sign ordinance. By this Monday, the VW backside had been backed from the side of the building, then leaned back against it. "My interpretation of the regulations is that it's now a non-operating vehicle, and I'm allowed to have up to three on the property," Whittier said Tuesday.

HARRISBURG, Pa.--A "Old MacDonald had a Farm" song was sung by a man sentenced to 30 days in prison last week on Robert Barz, former wife, Rachel Nickerson, Deputy District Attorney, harassed his ex-wife in the past. She began playing "Old MacDonald" while walking past, the prosecutor said. "He would keep playing the song," she said. "She was very tired of it. It was very annoying to her children. It even got to the point where she was around."

THIS WEEK AT THE Moses Mason House

All members and friends of the Bethel Historical Society are invited to a special night of music and history at the Moses Mason House, beginning at 7 p.m.

In observance of the bicentenary of the incorporation of the town of Bethel, the Historical Society will be holding a series of programs during 1996 which relate to the town's past. This year's topic will feature a panel discussion of the World War II era. Anyone interested in attending this meeting is cordially invited to come and share memories and/or reflections on this era.

The spring meeting of the Oxford County League of Historical Societies will be held on Saturday, May 4, at 3 p.m. at the Dr. Moses Mason House. This meeting will be held at the Bethel and Greenwood societies.

Laine Mills of the Greenwood Historical Society will make a slide presentation on the Bethel photographer Nettie Cummings Maxim, who in a brief, busy life captured much of the local scene around the turn of the century, especially her own neighborhood on Bird Hill. Anyone wishing to attend this meeting is cordially invited to do so. It is open to the public and those attending do not have to be members of a local society.

Briefly

Train gets off track

BETHEL--Several cars from a St. Lawrence and Atlantic Railroad freight train derailed Monday afternoon. The accident occurred just west of the Route 2 overpass. The cars did not tip over, and there was no apparent spillage. A crane was on the scene Tuesday, working to remove the cars. Calls to the railroad office for further information were not returned.

Petition asks for spring restoration

WOODSTOCK--A group of local citizens is petitioning the Maine Department of Transportation and Department of Human Services to help restore a roadside spring on Route 26. The decision to petition followed a meeting in Woodstock last week to discuss options regarding the spring, which was closed last fall due to an unsatisfactory coliform bacteria count. Woodstock Town Manager Vern Maxfield, selectmen, State Sen. Norm Ferguson and State Rep. Rob Cameron attended last week's meeting, along with about 20 citizens. Petitions will be placed at Breau's II, The Village Store and The Frozen Logger in Bryant Pond; Bob's Corner Store in Locke Mills; Hanover Village Store in Hanover; Dino's Pizza in Rumford Center; Bethel Citizen office in Bethel; as well as the town offices of Bethel, Greenwood and Woodstock.

Fire station roof to be fixed

NEWRY--Selectmen decided Tuesday to move ahead with repairs to the roof of the Sunday River Fire Station, which was constructed several years ago. The roof started leaking after the guarantee period was up, according to selectman Steve Wight. He said a representative from the Fabral Roofing Co. told selectmen the company's installation recommendations were not followed, and Fabral will not cover the cost to fix it. Wight said the repair work will take about two days, and James Knight will be hired to do it. Wight did not have an estimate of the cost of repairs.

Greenwood roads damaged by rain

GREENWOOD--Greenwood will apply for federal funds, if they become available, to repair road damage caused during heavy rainfall two weeks ago, according to selectman Marie Bartlett. Road foreman Alan Seames estimated damage at between \$8,000 and \$10,000. Roads affected included a portion of Young Hill Road and a bridge over Buck Brook on the Howe Hill Road. The Federal Emergency Management Agency is evaluating areas around Oxford County to decide if the county should be declared a disaster area, freeing up funds which towns may apply for.

Soil/water stewardship observance

SOUTH PARIS--The Oxford County Soil and Water Conservation District is encouraging individuals and organizations to join with the National Association of Conservation Districts in celebrating the annual Soil and Water Stewardship observance, April 28 -- May 5. The purpose of the national observance, begun in 1955, is to create greater awareness among individuals of their responsibility to care for natural resources. To obtain informational materials designed with the 1996 theme, "Harmony: People and Places," contact the OCSWCD at 743-7019.

Livestock auction planned

NORTH WATERFORD--On May 12, a livestock auction will be held at the North Waterford Fairgrounds, which will resemble Old MacDonald's Farm. The auction will begin at noon. Licensed auctioneer Peter Tripp will preside, as cattle, horses, sheep, goats, poultry and rabbits go on the auction block. Those wanting to enter their animals should be advised that this is a commission auction, meaning 10 percent of all sales go to the North Waterford World's Fair. There is also a \$3 buy-back option. Owners should also be advised they are responsible for handling their own animals. For more information and/or directions, call Byron Inman at 674-2222, Junior Penley at 674-2987, or Warren Cairns at 583-4054. North Waterford Fair Association will cater the event.

WMNF plan timetable released

LACONIA, N.H.--The U.S. Forest Service last week issued a timetable for revising and publishing its next Forest Management Plan. The plan calls for forming community-based working groups and scientific/technical committees this year. Information-gathering and needs assessment regarding issues relating to the Green Mountain and White Mountain national forests will take place in 1997 and 1998. In 1999, environmental impact statements will be prepared and plans issued. Final plans will be issued in 2000. The public will be asked to write letters expressing views and to attend public hearings, which will be announced in the future. The WMNF is also expected to release the results of the 1995 Forest Plan Monitoring Report this week. The information will be used in the plan revision process.

Bike trek full

AUGUSTA--The American Lung Association of Maine's Trek Across Maine -- Sunday River to the Sea bicycling event is full, according to Jill Stenger, Trek Committee co-chair. "We have 1,525 applicants, which is a record number," said Stenger. She encouraged other interested individuals to get involved by sponsoring a trekker or volunteering to help with the event. Funds raised through the trek help the lung association continue work to improve lung health in Maine, including asthma research and programs to reduce youth smoking. For more information or to register for the 1997 trek, call 1-800-458-6472.

Collisions with moose increasing

PORTLAND--Collisions between moose and motor vehicles are increasing in northern New England, and the odds for human victims are not encouraging: 70 percent suffer head or face injuries. One in 11 dies. In Maine in 1994 there were 658 collisions between moose and motor vehicles -- an average of nearly two a day -- compared to only 359 in 1990. The moose, a top-heavy animal that stands up to six feet tall and weighs up to 1,200 pounds, comes up over the hood of a car and through the windshield.

Newspaper offers computer news

MERIDEN, Conn.--The Record-Journal of Meriden this weekend plans to unveil a computer bulletin board system, offering users access to local news and pictures 24 hours a day, seven days a week. The system is a user-friendly way of getting the same news and features that readers find in the newspaper. However, David T. Lucey, the Record-Journal's general manager, said the service is not designed to take the place of the newspaper, but instead to complement it. Readers can use the system to write letters to the editor and send electronic mail to newspaper staffers. They also can participate in live chat sessions with other readers. The system also will provide Connecticut lottery numbers, weather forecasts, a dining guide to area restaurants and classified advertising.

Man gets 30 days for oinking

HARRISBURG, Pa.--A man who oinked at his former wife and played "Old MacDonald Had a Farm" as she walked past his house has been sentenced to 30 days in prison for harassment. A judge imposed the term last week on Robert Barzyk, saying the man was trying to terrorize his former wife, Rachel Nickle, who lives several houses away from him. Deputy District Attorney Diana Woodside earlier said Barzyk had harassed his ex-wife in the same manner for nine years. In September, he began playing "Old MacDonald" on a cassette player when his ex-wife walked past, the prosecutor said. "At the point where it was making the pig sounds, he would keep repeating it and playing it back," Ms. Woodside said. "She was very traumatized by this. He did it in front of their children. It even got to the point where his own child would do it when he was around."

From the Bethel Police log:

High-speed chase ends at Sunday River

At 9:52 p.m. on April 26 a subject was observed traveling in excess of 65 m.p.h. in a 35 m.p.h. zone on Route 2. The officer tried to stop him, but he attempted to elude by traveling over 90 m.p.h. After an approximate 20-minute chase, the operator was cornered on the Sunday River Access Road by the officer and an Oxford County deputy. The driver was placed in custody without incident. He was taken to the Oxford County Jail, where he was given a breathalyzer test. The test result was .10. He was also operating with his license suspended in another state, and had no valid license in Maine. The vehicle was towed. Bruce Westerdale, 24, who has a Bethel mailing address, was charged with attempting to elude (a felony), failure to stop for a police officer, driving to endanger, operating under the influence, criminal speeding, operating a motor vehicle without a license and operating an unregistered motor vehicle.

Thursday, April 25

At 10:45 p.m. a subject was stopped on Route 2 for erratic operation and defective lights. Ruth Ann Brazier, 40, of South Paris, failed field sobriety tests, and was arrested for OUI. The vehicle was towed. She was transported to the Rumford Police Department where she was given a breathalyzer test, with a result of .12. She was also charged with operating without a license.

Sunday, April 28

At 1:02 a.m. a subject was stopped for erratic operation (left of center line, right of the fog line). After some discussion Charles N. Haegele, 56, of Norway, was arrested and transported to the Oxford County Jail. A breathalyzer test was conducted, with a result of .11.

At 2:47 a.m. a Mechanic Street resident reported a domestic dispute between her and her boyfriend. Bethel police, an Oxford County deputy and a state trooper responded. Police met with the complainant, who said her boyfriend had become enraged over her being out all night. During the confrontation a window on another subject's vehicle was broken. The complainant picked up her children from the residence. Charges were planned against the subject for, at minimum, criminal mischief to the vehicle.

At 12:30 p.m. a subject was stopped on Route 2 for loud exhaust and an expired registration. His license was under suspension. Dennis P. McLellan, 20, of West Paris, was summoned for operating after suspension, operating an unregistered motor vehicle and no insurance. The vehicle was towed.

Monday, April 29

At 10:44 a.m. an Evans Notch Ranger Station employee reported the main building at the station had been shot at with a BB gun. There were dents in the siding. Two small trailers near the garage had damage to the marker lights. The garage door had been kicked in, and entry made. Someone had tried to enter the storage areas, and had gone to the second floor and moved things around. Nothing seemed to be missing.

Signs

Continued from page 1

"That's too bad. Now I'll have to go out and buy 20 of those blue things."

BETHEL STATION DEVELOPER HEINIE MERRILL
On being told that the proposal had been tabled

PROPOSED LOCATIONS FOR WELCOME SIGNS AND DIRECTIONAL KIOSKS—The map above shows where welcome and directional signs would be located under a proposed ordinance that was tabled by the Bethel Planning Board last week. The squared Ws indicate signs welcoming visitors to Bethel and providing directions to major routes or destinations. The circled Ks are kiosk-type structures with individual signs for Bethel businesses (drawings of both types of signs accompany the article on page 1). The proposal also calls for two welcome signs outside the village area: one near the Brew Pub and a second near the Pleasant River Motel. There would also be a kiosk on Route 2 just before the intersection with the Sunday River Road.

2-1 (27 to 13), the visitors said the blue directional signs did not help them locate the services they needed.

Safety, fairness questioned

But not everyone was convinced the new signs would be an improvement.

"I think it's easier to read the Burma Shave signs than a kiosk," said Bob Chadbourne, chairman of the Board of Selectmen.

Chadbourne also expressed concern about businesses located in the blind spots of the new system -- for example, Carter's Cross-Country Ski Center, which requires a turnoff before the first proposed kiosk.

Doyon said the committee had considered the case of Carter's and similar businesses, but finally concluded, "we could not create an ordinance which would be all things to all people."

In instances where the ordinance would create a hardship, he suggested, a waiver would be appropriate.

Also questioned last week was the fairness of allowing only Bethel businesses to be listed on the signs, and the steep (\$100 per day) fines for non-compliance.

Planning Board alternate Jan Baker expressed support for the intent of the proposal but suggested the town needed to ensure that any signage system addressed the needs of both tourist and non-tourist businesses.

She said: "I don't think many people say: 'Let's go skiing for the weekend and pick up some lumber seconds on the way home.'"

More Parkway signs predicted

The effect of last week's vote will probably be seen soon along the new Bethel Station Parkway, which currently boasts only a single MDOT sign.

"We had hoped to be able to keep the Parkway clear," said developer Heinie Merrill, but other businesses will no doubt want to put up signs to catch the eye of motorists before they reach the Bridge Street intersection.

And Bethel Station will need signs of its own, Merrill said: "Now I'll have to go out and buy 20 of those blue things."

The directional sign committee is expected to meet again to consider where to go from here, Schlieper said, and public input would be welcomed.

She said she would be happy to collect public comments. She can be reached at the Town Office, 824-2669.

ZONING ABOLISHED IN TUESDAY VOTING

—MAY 1968—

Going to the polls in numbers unprecedented for a local issue, Bethel voters decided to abolish local zoning in Tuesday balloting at the Bethel Fire Station. The final tally showed that 527 voters favored the article to abolish zoning, while only 206 voted to retain the ordinance. Zoning opponents needed 489 votes in favor of the article to over-ride a Bethel Planning Board recommendation for a "no" vote. A proposal opposed by the Board required a 2/3 vote for enactment.

In the voting on whether to establish a Bethel Sewer District, local voters followed the recommendation of the Board of Selectmen for a negative vote. The measure was turned down with 532 No votes, while 177 Yes ballots were cast.

All of the 23 other questions on the "zoning" ballot were defeated by an average of 210.1 Yes, to 303.5 No. These articles concerned proposed changes in the repealed ordinance.

Much dissatisfaction had been evidenced in the zoning code in Bethel, especially since the first of the year, and it was clearly shown that the opposition's efforts were not in vain.

The town initially adopted a zoning code in September of 1958. The first code was supplanted by one prepared by the James Sewall Company of Old Town as part of the town's "comprehensive plan," at the March 1967 town meeting.

East Stoneham

by Eleanor Nelson

Hi readers. Did you miss me last week? I was on vacation in Seaford, Va., with our two daughters and their families. The weather was terrific, the flowers were just beautiful and we had an awfully nice visit. While there, we went to Jamestown and saw where the settlers arrived, watched an Indian woman making rope from grass reeds and had our first picnic of the year. A good visit, but always good

to get home.
It was reported that the Fireman's Booster supper on April 29 was nice. A good number of people attended.

We welcome two new families to our little town of East Stoneham. The Smiths moved into the Helen Grover house and the Bumps moved into the Inez Barker house. Also, Mr. and Mrs. Bob Celeste are living in the Mrs. Owen's place at Lake Keewaydin.

Bill McAllister is at home after being in Norway Convalescent Home.

Peter Fox has traded trucks. Fox Bros. recently put a new steel roof on Mr. and Mrs. Bill Hunt's house.

Johnny Files from South Paris was a guest at the home of his great aunt Frances Grant last weekend.

The cemetery crew has started cleaning up the cemetery.

On Wednesday, April 24, the Daughters of Union Veterans of the Civil War and Hannah F. Richardson Tent 19 met at the home of Eleanor Nelson with six members present. The meeting was opened and conducted by Senior Vice President Wilda Wallace. Secretary and treasurer reports were read and accepted.

Plans were finalized for the indoor yard and bake sale to be held Saturday, May 4 at the East Stoneham Church vestry from 10 a.m. to 2 p.m. We will have a lot of goodies to choose from. Come on over and browse around. I'm sure you'll find something you like.

Eleanor Nelson will see about getting the red, white and blue carnations for the May 22 meeting of the

Memorial Program for the deceased D.U.V. members. At that time plans should be finalized for the public Memorial program and parade at the church on Sunday, May 26. Church services begin at 10 a.m. On the real Memorial Day (May 30), there will be a service at the plaque at Witherell Park in Norway at 4 p.m. Please -- all Daughters -- try to be there on these dates. We need your help.

The meeting was adjourned and the next meeting will be at the Church Vestry or the Knights Hall on May 22. We will remember and honor our deceased D.U.V. members. After the meeting refreshments were served by the members. Eleanor Nelson won the mystery prize.

Wight, M.S.A. Director/Alternate, and Gil Seeley were at the armory building in Rumford on Friday, April 19. The annual buffet was given by Horizons Unlimited in appreciation for the good work and financial assistance during the past year.

Greg Fraser, executive director, spoke on how the money is needed to keep the organization going. It helps the handicaps, and gives them

a place to live. Public commendation by plaques was given for outstanding achievements to the deserving. The good food was also enjoyed. The organization will also have bingo games every week, if you're interested -- check it out.
Karlene Bachelder, Betsy Clark, Gil Seeley, Bea Lowell, Doris Parent and Olive Anderson of the "Newry Bowling Gang" were at the Oxford Lanes in Rumford one day last week. On the overall scores, Betsy was high on both the singles and triples. Of the righties, Doris was high on both. Betsy, Gil and Doris each had two spares, and Bea had one.

Happy Birthday to Louise Telley on May 5. "Thinking of you. Many wishes for gladness, growing health and inner well being, with God's help come true."

The Windy Valley Sno-Mobile Club will meet at 7 p.m. on Tuesday, May 7 at the town building.
Quote of the week: "Everyone is trying to accomplish something big, not realizing that life is made up of little things."

Briefly, a gentle reminder of the mother/daughter potluck supper sponsored by the Newry Mothers Club. The supper will be at the Grange Hall on Monday, May 13 at 6 p.m. Bring a casserole, salad or dessert, rolls and drinks will be furnished. Just bring your daughters. Polly Mahoney of Mahosuc Mountain Adventures will speak and show slides of her trip to Australia, the largest island in the world. Upton

by Amy Geiling

Hello to all, happy May! The first thing on my mind is the sound of robins.

They have returned to Upton, finally! The lake is opening up at the river's entrance. Get your boats ready. Those scraggly mammals, better known as "moose," are definitely loose. Locals and travelers report frequent encounters. Jerry spotted a bear near Errol late one evening last week.

Welcome Joy Yarnell to the Upton Trivia Fan Club. Joy called to share

more information about the Brushwood House. She explained that the "History of Upton" describes the hotel on page 47. J.G. Rich and his brother William rebuilt the house as a hotel for sportsmen. It had a ballroom on the second floor. The house burned in 1929.

Upton ladies have been invited to attend a mother-daughter potluck supper on Monday, May 13 at 6 p.m. at the Grange Hall in Newry. Casseroles, salads and desserts are requested.

How's everybody's spring cleaning coming? Me? "I don't do windows." Lord knows my car's interior has seen better days. I'd like to hear from more Upton folks.

Trivia doesn't have to be history. How about some good, funny stories from your childhood? I'm sure there are some juicy fishing or hunting stories out there.

OK, I've got one... my very first visit to Upton introduced me to "frog legs". Yes, 11 years ago, Jerry jumped knee-deep into the lake, snatched one and now wherever I find those yummy, garlic-flavored legs, I must order them. Anyway, I'd love to hear your stories.

Songo Pond

by Alice Kimball

During the past weekend, the ice cover on the pond suddenly all disappeared.

The summer-like temperatures certainly helped it along. Thunder showers hit this area Tuesday night.

I spent the weekend with the Adams family. Really enjoyed viewing their videos and snapshots of the

Hawaiian Islands, where they recently spent a most enjoyable week. We also attended a thrilling band concert at the Muskie Auditorium. The concert was put on by a unit of the U.S. Air Force Band.

With thoughtless and impatient hands we tangle up the plans the Lord hath wrought. And when we cry in pain He said, "Be still, my child, while I untie the knot."

Greenwood City

by Colista Morgan

In the deepening dusk this week I heard the voices of the frogs. The first of the spring.

Those that escape crows, grackles and herons, water snakes and bass, may live through a number of seasons. So year after year we hear the voices of the same individuals in the dusk of spring nights. They vary from the lonely twilight sound of the spring peeper to the low-pitched twang of the green frog. Then there is the snoring sound of the leopard frog and a musical trill of the gray tree frog. Loudest of all is the "fer-rump" of the yellow throated bullfrog. What an interesting group they are.

Living by a pond, life multiplies around us. New forms appear beside, beneath the surface of and above the water. I have often watched the water striders or pond skaters and wondered how they manage to walk on top of the water without sinking. I once scooped up one into a pail and studied him. He has "hairy shoes." That's what keeps him from sinking and drowning. His front legs are shorter than his hind legs. In winter he sleeps in the mud

at the bottom of the pond. He is surely a water strider making circles wider and wider.

Each spring I note what I can see and remember what I have seen before. A walk along the water's edge, I see or recall events of interest. A good motto is: Go slow and see more.

Milton and Eleanor Inman have enjoyed visits of each of their grandchildren this past week.

Dot Betts and I joined other teachers for lunch on Wednesday and then spent the afternoon at the home of Avis Stelhorn. It was a pleasant outing.

My daphney bush is in full bloom and it's lovely.

Robert of Windsor and David Holt and family of Norway were with their parents on Sunday.

Several of the "snow birds" have returned to their summer homes.

Much sympathy is extended to the family of Norma Heikkinen upon her death.

Vince Stevens is gaining, after having pneumonia. He hasn't been able to work for a week or more.

I hope spring will bring good health to everyone!

Sorry there wasn't any news last week. I've been laid up with a sore foot.

Ricky Mack's dog is getting quite educated. He seems to get loose sometimes, but you know just where to find him. He loves to go down to see the kids at nearby church school. He even tried to go to church one Saturday recently.

Joan and Phelps have returned home from Mobile, Ala. where they spent about three weeks visiting their daughter Joanna and granddaughter Amy Merrill.

Dennis and Debby Poland and family have returned home from a trip to Europe. They visited several countries and had a wonderful time, but were glad to get home.

I took Sarah Hart to work at Bonanza in Oxford one afternoon this week. Sarah told me she only had seven more weeks of school at Oxford Hills. She will graduate this year.

My granddaughter, Jessie Hart spent the weekend with me recently. We just had Primstar installed and she watched it most of the time. Always love to have her stay. Jessie is real good in track at OH.

Evelyn and Jim Dunn have returned home from California, where they spent the winter with daughter Patrice.

A special happy birthday goes out to Ellie Newell who turned the big 40 this week. Happy Birthday, Ellie!

Some more movie stars were here in South Woodstock. Jim and Jane Chandler and children Becky and Jeff are in the train scene in the

movie being filmed in this area.

I'm glad to see Esther Davis is home from Florida vacation. She was out walking, as usual, yesterday.

Congratulations to Keith and Rebecca Ryerson on the birth of a son, Austin Keith. Maternal grandparents are Joe and Sande Endicott of Locke Mills. Paternal grandparents are Wanda Ryerson of Bethel and Craig Ryerson also of Bethel. Paternal great-grandparents are Emery and Cleo Ryerson of South Woodstock.

A 40th wedding anniversary party was held for Joe Pete and Laurene Appleby last Sunday at the Multipurpose center here in South Woodstock. Over 100 people attended and a good time was had by all. I'm sorry I could not attend, as I have spoken with persons who did, and said everything was set up real nice, with pictures and mementos of their married years. We hope they have many more years together.

Children from South Woodstock having perfect attendance at Woodstock Elementary School are: Alan Hadley, Joshua Campbell, William Demarest, Heather Demarest, James Campbell, Megan Mack, Danny Morgan and Darcy Tyler. Those making the honor roll: Megan Mack, Casey Ryerson, Kristina Koskela, Bridget Gallagher, Danny Morgan and Darcy Tyler.

I counted over 50 grosbeaks at our feeder and a close-by tree recently. They are such a pretty and different looking bird. I really enjoy them. They don't seem to stay long and then they are on their way.

Larry Billings, curator, Woodstock Historical Society, reports that he spoke about British and American literature at the April meeting. The Lescaults, who are helping Annie Crockett, attended and toured the museum.

Other competitors were Sarah Seames, Emily Phillips, Jess Wright, Michelle McInnis, Tabatha Mason, Darrah Howard and Melinda Gilbert. "The team did well considering this was their first chance to run on a track this season," said coach John Applin. "Depth is still a problem." Applin is still recruiting runners and welcomes any other interested students.

Gould 5, NYA 0

Agnes Gray School

by Marta Clements

April vacation is over, the playground has dried up, parent-teacher conferences have been held and the book fair was its usual success. We are sending thanks to those who donated prizes for our school-wide raffle, and to those who sold the tickets.

Due to other evening commitments, our school did not celebrate National No TV Week. However, we are celebrating our own No TV Week this very week. Activities are being offered at school during the evenings on Monday, Tuesday and Thursday. Wednesday we are encouraging an evening of at-home family activities to be shared at school on Thursday, Friday morning we are planning an ice-cream party and the drawing for lots of prizes. We truly appreciate all the generous donations and support we received for all our endeavors.

Friday, May 3, is also an early release day. All students will be released right after lunch. The kindergarten gets to eat lunch at school, too.

This past Monday was Earth Day. Our entire school celebrated by going out to clean up our little corner of the world. We hope to keep it cleaned up, and are continuing with our recycling.

Kindergarten students are studying plants and animals in science and are looking forward to the arrival of crabs, newts, snails, fish and plants. They are due anytime.

The first-graders are learning how to tell time and how to count money.

The second-graders had fun defining the attributes of the hidden articles in a mystery bag. They turned out to be shells which Mrs. Loper had brought back from Florida. They then estimated the total number of shells and worked on a plan to divide them evenly among the whole class. Mrs. Loper is looking for one or two volunteers for one hour, or two half hours, per week to work with individual children on math facts. Please call the school at 674-2332 if you are available to help.

The third-graders are learning that division is the opposite of multiplication, finishing up their reading unit on Beverly Cleary and are writing realistic fiction stories.

The fourth-graders are working on biographies in reading, multiplication in math, weather in science and are continuing their study of regions of the U.S. in social studies.

My fifth-graders are beginning long division, in addition to daily problem solving. We have set the date of May 30 for displaying our science projects on space. We are studying the American Revolution in social studies. We are also making preparations for our Boston trip, which is coming up on May 24.

Both the fifth and sixth grades are doing some review of skills learned this year, as the CTBS achievement tests will be given during the week of May 6. The sixth-graders are also working on problem solving, reading "The White Mountains" and have turned in their first Book Record sheet of the fourth quarter.

We are currently taking orders for T-shirts and sweatshirts featuring the West Paris Bobcat logo. These are really neat and are being offered almost at cost, as a school spirit endeavor. Be watching for all us Bobcats!

DOREEN MORIN HONORED

Telstar junior Doreen Morin has been named an All-American Scholar.

The USAA has established the All-American Scholar Award program to offer deserved recognition to superior students who excel in the academic disciplines. The All-American Scholars must earn 3.3, or higher, grade point average. Only scholars selected by a school instructor, counselor or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the USAA.

Doreen was nominated for this national award by Beth LaVallee.

Doreen will appear in the All-American Scholar Yearbook, which is published nationally.

Doreen is the daughter of Roberta and Donald Morin. Her grandparents are Esther Sweetser of Albany and Juliet Morin of Gilead.

INNKEEPERS SCHOLARSHIPS

Applications are now being accepted at the office of the Maine Innkeepers Association for their Annual Scholarship Program. Students who have been accepted at accredited schools which offer concentration in specialized aspects of the hospitality industry in hotel administration and culinary sciences may apply.

Schools considered eligible include state universities and vocational training schools in Maine and throughout the country who offer hospitality industry courses, as well as colleges and specialized institutions which offer degree programs in either two-year or four-year training. There is no age limit for applicants.

For further information or applications, contact: Ed Langlois, Executive Director, Maine Innkeepers Association, 305 Commercial Street, Portland, ME 04101-4641 or call 773-7670. Applications must be returned by May 17.

Resolutions of Respect

Whereas it has pleased our Heavenly Father to call our beloved sister, Myra Foster, from our midst and in view of the loss in our grange and community.

Therefore be it resolved that is a just and fitting tribute to the memory of the departed to say that in regretting her passing, we mourn for one who served faithfully, cheerfully and diligently for many years, her grange and her community and will be sorely missed by all.

Therefore be it further resolved that we spread a copy of these resolutions on our records, have a copy printed in the Bethel Citizen, and a copy sent to her family. Alder River Grange #145 extends its sympathy to the bereaved family.

Card of Thanks

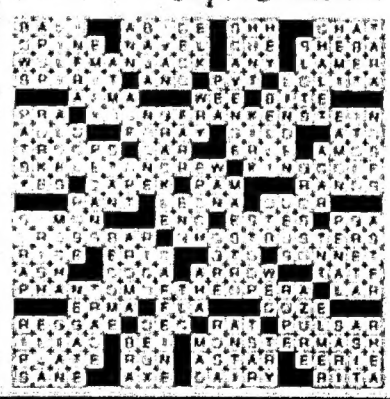

I hardly know how to begin to write this note of thanks. After all, I've never been 90 years old before. I guess the place to begin is to thank my children, Olive Risko, Bill, Edwin and Steve Howe for arranging it; then the members of Jackson Silver Post and unit for use of the hall and preparation of the refreshments. The cake was just beautiful and depicted some of the special events and interests in my life. The many friends and relatives who attended made it a very special day. Your contributions to the Foundation Fighting Blindness amounted to \$90 and was welcomed by the American Legion's Child Welfare Committee. For helping me celebrate my 90th birthday in such an enjoyable way, THANK YOU one and all.

A Tribute to My Dad Russell Fifield

Dad, it's been 2 years, since you left me, but in my heart it seems like yesterday. There's not a day that goes by that I don't think of the love and memories you gave me. I'll always remember your smiles and the times we laughed together and the things you taught me. Thank you for being my dad and my friend. In my heart you will stay forever and every day. Loved and sadly missed Your daughter Cindy

In Loving Memory of
J. Russell Fifield
Nov. 16, 1944 -
May 1, 1994

If just for a moment, I could hold your face, hear your voice, and have the pain ease. If just for a moment I could put away the emptiness. If just for a moment I could hold you and tell you I love you, and I'm so sorry, but there isn't such a moment. Though 2 years have passed, I still replay that awful day God took you away, but I can't turn back time and must try to go on, and hold that moment to my own.
Sadly missed, Wife
